Directors' statement
for the financial year ended 31 March 2024

The directors are pleased to present their statement to the member together with the audited financial statements of A One Gold Singapore Pte. Ltd. (the "Company") for the financial year ended 31 March 2024.

1. Opinion of the directors

In the opinion of the directors,

- (a) the financial statements of the Company set out on page 6 to 26 are drawn up so as to give a true and fair view of the financial position of the Company as at 31 March 2024 and the financial performance, changes in equity and cash flows of the Company for the financial year then ended; and
- (a) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

2. Directors

The directors of the Company in office at the date of this statement are:

Sunil Jallan
Dev Aaryan Jallan
Jagariti Mathur

3. Arrangements to enable directors to acquire shares or debentures

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of the Company or any other body corporate.

4. Directors' interests in shares or debentures

According to the register of directors' shareholdings kept by the Company under section 164 of the Companies Act 1967 ("Act") the directors of the Company who held office at the end of the financial year had no interests in the shares or debentures of the Company and its related corporations except as stated below:

	Direct interest	
	At beginning of financial year	At end of financial year
Holding company		
- A One Steels India Private Limited		
Equity shares

Report on the Audit of the Financial Statements*Opinion*

We have audited the financial statements of A One Gold Singapore Pte. Ltd. (the "Company"), which comprise the statement of financial position as at 31 March 2024, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the financial year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the financial position of the Company as at 31 March 2024 and of the financial performance, changes in equity and cash flows of the Company for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the Directors' Statement as set out on pages 1 to 2.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Other matter

The financial statements of the Company for the financial year ended 31 March 2023 were unaudited because the Company opted for audit exemption under Section 205C of the Act.

Report on the Audit of the Financial Statements (continued)

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

**Independent auditor's report to the member of
A ONE GOLD SINGAPORE PTE. LTD. (continued)**
Company Registration No. 202134892E

Report on the Audit of the Financial Statements (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

A ONE GOLD SINGAPORE PTE. LTD.
Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2024

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. Corporate information

A One Gold Singapore Pte. Ltd. (the “Company”) is incorporated and domiciled in Singapore and its registered office is at 183 Jalan Pelikat #B2-02 The Promenade @ Pelikat Singapore 537643.

The principal activities of the Company are those of import and export of Coal, Iron Ore, Scrap, M.S.& Glavanised Steel Product. There have been no significant changes in the nature of these activities during the financial year.

The Company’s immediate and ultimate holding company is A One Steels India Private Limited, which is incorporated in India.

2. Material accounting policy information

2.1 Basis of preparation

The financial statements of the Company have been drawn up in accordance with the Financial Reporting Standards in Singapore (“FRSs”) and have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in United States Dollar (“USD”), which is the Company’s functional currency. All financial information presented are denominated in United States Dollar unless otherwise stated.

The financial statements of the Company have been prepared on the basis that it will continue to operate as going concern.

2.2 Adoption of new and amended standards and interpretations

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Company has adopted all the new and amended standards which are relevant to the Company and are effective for annual financial periods beginning on or after 1 April 2023. The adoption of these standards did not have any material effect on the financial performance or position of the Company.

2.3 Standards issued but not yet effective

A number of new standards and amendments to standard that have been issued are not yet effective and have not been applied in preparing these financial statements.

The directors expect that the adoption of these new and amended standards will have no material impact on the financial statements in the year of initial application.

A ONE GOLD SINGAPORE PTE. LTD.
Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2024

2. Material accounting policy information (continued)

2.4 Financial instruments

(a) Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instruments.

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss ("FVPL"), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

Subsequent measurement

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the contractual cash flow characteristics of the asset. The three measurement categories for classification of debt instruments are amortised cost, fair value through other comprehensive income ("FVOCI") and FVPL. As of the reporting date, the Company does not have other categories of financial assets except for financial assets at amortised cost and financial assets at FVPL.

Financial assets at amortised cost

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets, are mainly comprise of cash and bank balances and trade and other receivables (excludes advance payments), are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through amortisation process.

A ONE GOLD SINGAPORE PTE. LTD.

Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2024

2. Material accounting policy information (continued)

2.4 Financial instruments (continued)

(a) Financial assets (continued)

Financial assets at fair value through profit or loss

All financial assets that do not meet the criteria for amortised cost or FVOCI are measured at FVPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI to be measured at FVPL, if doing so eliminates or significantly reduce accounting mismatch that would otherwise arise.

Financial assets held for trading or are managed and whose performance is evaluated on a fair value basis would be mandatorily measured at FVPL. These assets, mainly derivative instruments which the Company had not irrevocably elected to classify at FVOCI, are subsequently measured at fair value. Net gains or losses, including any interest income or dividend income are recognised in profit or loss.

Derecognition

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

(b) Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at FVPL are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process. Financial liabilities at amortised costs mainly comprise trade and other payables (excludes advance from customers).

A ONE GOLD SINGAPORE PTE. LTD.

Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2024

2. Material accounting policy information (continued)

2.4 Financial instruments (continued)

(b) Financial liabilities (continued)

Subsequent measurement (continued)

Financial liabilities of FVPL are measured at fair value with net gains and losses (including interest expense) recognised in profit or loss. Directly attributable transaction costs are recognised in profit or loss as incurred. This category includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationship as defined in FRS 109 *Financial Instruments*.

As at reporting date, the Company's financial liabilities at amortised cost, which mainly comprise of trade and other payables (excludes advance payment received).

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. On derecognition, the difference between the carrying amount and the consideration paid is recognised in profit or loss.

(c) Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount reported on the statement of financial position when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.5 Impairment of financial assets

The Company recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss and financial guarantee contracts. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

A ONE GOLD SINGAPORE PTE. LTD.

Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2024

2. Material accounting policy information (continued)

2.5 Impairment of financial assets (continued)

The Company considers a financial asset in default when contractual payments are 180 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.6 Derivative financial instruments

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. A derivative is presented as a non-current asset or a non-current liability if the remaining maturity of the instrument is more than 12 months and it is not expected to be realised or settled within 12 months. Other derivatives are presented as current assets or current liabilities.

2.7 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.8 Share capital

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

A ONE GOLD SINGAPORE PTE. LTD.

Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2024

2. Material accounting policy information (continued)

2.9 Revenue

The Company recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customers, at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Unless otherwise mentioned, the Company concludes that it is acting as a principal in the provision of goods or services in its contracts with customers.

Revenue from sale of goods is recognised upon transfer of control to the customers usually at the point in time when the goods have been delivered to customers and all criteria for acceptance have been satisfied.

2.10 Foreign currency transactions and balances

Transactions in foreign currencies are measured in the functional currency of the Company and are recorded on initial recognition in the functional currency at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

2.11 Taxes

(a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authority. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of reporting period.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

A ONE GOLD SINGAPORE PTE. LTD.

Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2024

2. Material accounting policy information (continued)

2.11 Taxes (continued)

(b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

A ONE GOLD SINGAPORE PTE. LTD.

Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2024

2. Material accounting policy information (continued)

2.12 Related parties

A related party is defined as follows:

- (a) A person or a close member of that person's family is related to the Company if that person:
 - (i) Has control or joint control over the Company;
 - (ii) Has significant influence over the Company; or
 - (iii) Is a member of the key management personnel of the Company or of a parent of the Company.
- (b) An entity is related to the Company if any of the following conditions applies:
 - (i) The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the parent of the reporting entity.

Notes to the financial statements
for the financial year ended 31 March 2024

3. Significant accounting judgements and estimates

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require adjustment to the carrying amount of the asset or liability affected in the future periods.

3.1 Judgements made in applying accounting policies

The management is of the opinion that there are no significant judgements made in applying the accounting policies that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Provision for expected credit losses ("ECLs") of trade and other receivables

The Company uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The information about the ECLs on the Company's trade receivables is disclosed in Note 13(a).

The carrying amount of the trade and other receivables at the end of the reporting period is disclosed in Note 4.

for the financial year ended 31 March 2024

13. Financial risk management

The Company's activities expose it to a variety of financial risks from its operation. The key financial risks include credit risk, liquidity risk and foreign currency risk.

The board of directors review and agree policies and procedures for the management of these risks, which are executed by the management team. It is, and has been throughout the current and previous financial year, the Company's policy that trading in derivatives for speculative and hedging purposes shall be undertaken.

The following sections provide details regarding the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

There has been no change to the Company's exposure to these financial risks or the manner in which it manages and measures the risks.

(a) Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in a loss to the Company. The Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including cash and bank balances), the Company minimises credit risk by dealing exclusively with high credit rating counterparties.

The Company has adopted a policy of only dealing with creditworthy counterparties. The Company performs ongoing credit evaluation of its counterparties' financial condition and generally do not require a collateral.

The Company manages credit loss based on Expected Credit Loss ("ECL") model.

The management assesses that there are no material ECL on its trade and other receivables and cash and balances bank.

(b) Liquidity risk

Liquidity risk refers to the risk that the Company will encounter difficulties in meeting its short-term obligations due to shortage of funds. It is managed by matching the payment and receipt cycles. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities. The Company's operations are financed mainly through equity. The directors are satisfied that funds are available to finance the operations of the Company.

The financial liabilities of the Company's as at 31 March 2024 and 2023 are repayable on demand or due within 1 year from the end of the reporting.

Company Registration No. 202134892E

Notes to the financial statements
for the financial year ended 31 March 2024

13. Financial risk management (continued)

(c) Foreign currency risk

The Company's foreign exchange risk results mainly from cash flows from transactions denominated in foreign currencies. At present, the Company does have formal policy for hedging against currency risk. The Company ensures that the net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates, where necessary, to address short term imbalances.

The Company has transactional currency exposures arising from bank balance that are denominated in a currency other than the functional currency of the Company, primarily Singapore Dollar ("SGD").

No sensitivity analysis is prepared as the Company does not expect any material impact on profit or loss arising from the effects of reasonably possible changes to the exchange rates at the end of the reporting period.

14. Fair values of assets and liabilities

(a) Fair value hierarchy

The Company only has one category of fair value measurements.

- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

(b) Assets and liabilities measured at fair value

The following table shows an analysis of each class of financial assets and liabilities measured at fair value at the end of reporting period:

Fair value measurements using

Prices quoted by brokers and financial institutions using methodologies/calculations based on market prices (Level 2).

	Fair value hierarchy
	Level 2
	USD
2024	
<u>Financial assets</u>	
Derivatives – futures contract	<u>35,000</u>
<u>Financial liabilities</u>	
Derivatives – futures contract	<u>45,750</u>

Notes to the financial statements
for the financial year ended 31 March 2024

14. Fair values of assets and liabilities (continued)

(b) Assets and liabilities measured at fair value (continued)

	Fair value hierarchy Level 2 USD
2023	
<u>Financial assets</u>	
Derivatives – futures contract	<u>126,365</u>
<u>Financial liabilities</u>	
Derivatives – futures contract	<u>-</u>

Cash and bank balances, other receivables and other payables

The carrying amounts of these balances approximate their fair values due to the short-term nature of these balances.

Trade receivables and trade payables

The carrying amounts of these receivables and payables (including trade balances due to holding company and related parties) approximate their fair values as they are subject to normal trade credit terms.

15. Financial instruments by category

At the end of reporting period, the aggregate carrying amounts of financial assets and financial liabilities were as follows:

	2024 USD	2023 USD
<i>Financial assets measured at amortised cost</i>		
Cash and bank balances	1,031,958	41,239
Trade and other receivables	<u>1,175,727</u>	<u>403,972</u>
	<u>2,207,685</u>	<u>445,211</u>
<i>Financial assets measured at fair value</i>		
Derivative financial instruments	<u>35,000</u>	<u>126,365</u>
<i>Financial liabilities measured at amortised cost</i>		
Trade and other payables	<u>3,974,398</u>	<u>-</u>
<i>Financial liabilities measured at fair value</i>		
Derivative financial instruments	<u>45,750</u>	<u>-</u>

16. Capital management

The primary objective of the Company's capital management is to ensure that it maintains healthy capital ratios and net current asset position in order to support its business and maximise shareholder value. The capital structure of the Company comprises issued share capital.

The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes during the financial years ended 31 March 2024 and 31 March 2023.

17. Comparative figures

The financial statements for the reporting financial year ended 31 March 2023 were unaudited as the Company opted for audit exemption under section 205C of the Act.

18. Authorisation of financial statements for issue

The financial statements for the financial year ended 31 March 2024 were authorised for issue in accordance with a resolution of the Board of Directors of the Company on 14 August 2024.
